

St Andrew's CE VC Primary School

SEN Policy

Definitions of special educational needs (SEN) taken from section 20 of the Children and Families Act 2014.

A child or young person has SEN if they have a learning difficulty or disability which calls for special educational provision to be made for them. A child of compulsory school age or a young person has a learning difficulty or disability if they:

- a) have a significantly greater difficulty in learning than the majority of others of the same age; or
- b) have a disability which prevents or hinders them from making use of educational facilities of a kind generally provided for others of the same age in mainstream schools or mainstream post-16 institutions.

A child under compulsory school age has special educational needs if they fall within the definition at (a) or (b) above or would do so if special educational provision was not made for them.

Children must not be regarded as having a learning difficulty solely because the language or form of language of their home is different from the language in which they will be taught.

Background

The coalition government is reforming the way in which provision and support is made for children and young people with special educational needs and/or disabilities in England. New legislation (The Children and Families Act 2014) enacted on the 13th March comes into force from the 1st September 2014. A new SEND Code of Practice also accompanies this legislation. We have based our policy on this information

More details about the reforms and the SEND Code of Practice can be found on the Department for Education's website:

www.education.gov.uk/schools/pupilsupport/sen

One significant change arising from the reforms is that Statements of Special Educational Needs, for those children with the most complex needs, have now been replaced with a new Education, Health and Care (EHC) Plan. These plans are being supported by an Education, Health and Care Plan Pathway. You can view an animation describing this new pathway on South Gloucestershire SEND Local Offer website:

<http://www.southglos.gov.uk/health-and-social-care/local-offer/>

This information is also available by putting the above web address into the browser of a smart phone or tablet.

The SEND Local Offer is a resource which is designed to support children and young people with special educational needs and/or disabilities and their families. It describes the services and provision that are available both to those families in South Gloucestershire that have an Education, Health and Care Plan and those who do not have a plan, but still experience some form of special educational need. The SEND Local Offer includes information about public services across education, health and social care, as well as those provided by the private, voluntary and community sectors.

1. Introduction

At St Andrew's Primary School we are proud to provide a safe, stimulating and inclusive learning environment where every member of our community is valued and respected. Our broad, balanced, creative curriculum and enrichment activities provide opportunities for everyone to achieve and succeed. We celebrate our achievements, gifts and cultural diversity, irrespective of individual differences within the protected categories of the Equality Act of 2010. Together we take pride in making a positive contribution to our school and the wider community.

The schools SENCO is the Headteacher Mrs Saunders

2. Aims and objectives

Aims

We aim to provide every child with access to a broad and balanced education. This includes the New Curriculum in line with the Special Educational Needs Code of Practice.

Objectives

- Staff members seek to identify the needs of pupils with SEN as early as possible. This is most effectively done by gathering information from parents, education, health and care services and early years settings prior to the child's entry into the school.

- **Monitor the progress of all pupils** in order to aid the identification of pupils with SEN. Continuous monitoring of those pupils with SEN by their teachers will help to ensure that they are able to reach their full potential.
- Make appropriate provision to overcome all barriers to learning and ensure pupils with SEN have full access to the Curriculum. This will be co-ordinated by the SENCO and/or Headteacher and will be carefully monitored and regularly reviewed in order to ensure that individual targets are being met and all pupils'needs are catered for.
- Work with parents to gain a better understanding of their child, and involve them in all stages of their child's education. This includes supporting them in terms of understanding SEN procedures and practices and providing regular feedback on their child's progress.
- Work with and in support of outside agencies when the pupils'needs cannot be met by the school alone. Some of these services include Educational Psychology Service, Speech and Language, Children and Adult Mental Health Service (CAMHS). Inclusion support and Behaviour support.
- Create a school environment where pupils can contribute to their own learning. This means encouraging relationships with adults in school where pupils feel safe to voice their opinions of their own needs, and carefully monitoring the progress of all pupils at regular intervals. Pupil participation is encouraged through school by wider opportunities such as residential visits, school plays, sports teams and school visits.

3. Arrangements for coordinating SEN provision

The SENCO will hold details of all SEN records for individual pupils.

All staff can access:

- The School SEN Policy;
The schools Send Local Offer
- A copy of the full SEN Register.
- Guidance on identification of SEN in the Code of Practice
- Information on individual pupils'special educational needs, including pupil profiles, targets set and copies of their provision map.
- Practical advice, teaching strategies, and information about types of special educational needs and disabilities
- Information available through South Gloucestershire's SEND Local Offer

In this way, every staff member will have complete and up-to-date information about all pupils with special needs and their requirements which will enable them to provide for the individual needs of all pupils.

This policy is made accessible to all staff and parents in order to aid the effective co-ordination of the school's SEN provision.

4. Specialist SEN provision

We are committed to whole school inclusion. In our school we support children with a range of special educational needs. We will seek specialist SEN provision and training from SEN services where necessary.

5. Facilities for pupils with SEN

For all details please see the schools accessibility plan

6. Identification of pupils needs

See definition of Special Educational Needs at start of policy.

A graduated Approach;

Quality First Teaching

- a) Any pupils who are falling significantly outside of the range of expected academic achievement in line with predicted performance indicators and grade boundaries will be monitored.
- b) Once a pupil has been identified as possibly having SEN they will be closely monitored by staff in order to gauge their level of learning and possible difficulties.
- c) The child's class teacher will take steps to provide differentiated learning opportunities that will aid the pupil's academic progression and enable the teacher to better understand the provision and teaching style that needs to be applied.
- d) The SEND Co-ordinator will be consulted as needed for support and advice and may wish to observe the pupil in class.
- e) Through (b) and (d) it can be determined which level of provision the child will need to take them forward.
- f) If a pupil has recently been removed from the SEND register they may also fall into this category as continued monitoring will be necessary.
- g) Parents will be informed fully of every stage of their child's development and the circumstances under which they are being monitored. They are encouraged to share information and knowledge with the school.
- h) The child is recorded by the school as being under observation due to concern by parent or teacher but this does not automatically place the child on the school's

SEND register. Any concerns will be discussed with parents informally or during parent's evenings.

i) Parent's evenings are used to monitor and assess the progress being made by children. Parents of all children are welcome to discuss any concerns that they may have concerning their child's progress or any other issues at any time with their class teacher or the Headteacher

SEN Support

Where it is determined that a pupil does have SEN, parents will be formally advised of this and the decision will be added to the SEN register. The aim of formally identifying a pupil with SEN is to help school ensure that effective provision is put in place and so remove barriers to learning.

Assessments will take place and the necessary interventions will be implemented where necessary. If external support is required the school will refer the child to the appropriate agency with parental consent.

7. Review

Reviews of a child's progress will be made regularly. The review process will evaluate the impact and quality of the support and interventions.

If the pupil has a 'SEN support plan then the targets will be reviewed after approximately 12 weeks. This will be completed by the class teacher, the pupil and where appropriate the parents.

The class teacher, in conjunction with the SENCO will revise the support and outcomes based on the pupil's progress and development making any necessary amendments going forward, in consultation with parents and the pupil. These will form the basis of the new targets and these will again be shared with parents in order to allow for parental support at home.

Referral for an Education, Health and Care Plan

If a child has lifelong or significant difficulties they may undergo a Statutory Assessment Process which is usually requested by the school but can be requested by a parent. This will occur where the complexity of need or a lack of clarity around the needs of the child are such that a multi-agency approach to assessing that need, to planning provision and identifying resources, is required. The decision to make a referral for an Education, Health and Care Plan will be taken at a progress review.

The application for an Education, Health and Care Plans will combine information from a variety of sources including:

- Parents
- Teachers
- SENCO

- Social Care
- Health professionals

Information will be gathered relating to the current provision provided, action points that have been taken, and the preliminary outcomes of targets set. A decision will be made by a group of people from education, health and social care about whether or the child is eligible for an EHC Plan. Parents have the right to appeal against a decision not to initiate a statutory assessment leading to an EHC Plan.

Further information about EHC Plans can found via the SEND Local Offer:

<http://www.southglos.gov.uk/health-and-social-care/local-offer/>

or by speaking to an Education, Health and Care Plan Co-ordinator

Education, Health and Care Plans [EHC Plan]

- Following Statutory Assessment, an EHC Plan will be provided by South Gloucestershire County Council, if it is decided that the child's needs are not being met by the support that is ordinarily available. The school and the child's parents will be involved developing and producing the plan.
- Parents have the right to appeal against the content of the EHC Plan. They may also appeal against the school named in the Plan if it differs from their preferred choice.
- Once the EHC Plan has been completed and agreed, it will be kept as part of the pupil's formal record and reviewed at least annually by staff, parents and the pupil. The annual review enables provision for the pupil to be evaluated and, where appropriate, for changes to be put in place, for example, reducing or increasing levels of support.

8. Access to the curriculum, information and associated services

Pupils with SEN will be given access to the curriculum through the specialist SEN provision provided by the school as is necessary, as far as possible, taking into account the wishes of their parents and the needs of the individual.

Every effort will be made to educate pupils with SEN alongside their peers in a mainstream classroom setting. Where this is not possible, the SENCO will consult with the child's parents for other flexible arrangements to be made.

Regular training and learning opportunities for staff on the subject of SEN and SEN teaching are provided both in school. Staff members are kept up to date with teaching methods which will aid the progress of all pupils including those with SEN.

In class provision and support are deployed effectively to ensure the curriculum is differentiated where necessary. We make sure that individual or group teaching is available where it is felt pupils would benefit from this provision.

We set appropriate individual targets that motivate pupils to do their best, and celebrating achievements at all levels.

9. Inclusion of pupils with SEN

The Headteacher and SENCO oversee the school's policy for inclusion and are responsible for ensuring that it is implemented effectively throughout the school.

The school curriculum is regularly reviewed to ensure that it promotes the inclusion of all pupils. This includes learning outside the classroom.

The school will seek advice, as appropriate, around individual pupils, from external support services.

10. Evaluating the success of provision

In order to make consistent continuous progress in relation to SEN provision the school encourages feedback from staff, parents and pupils throughout the year. This is done in the form of discussions and through progress meetings with parents and pupils.

Pupil progress will be monitored on a termly basis in line with the SEN Code of Practice.

SEN provision and interventions are recorded on a provision map, which is updated when the intervention is changed. These are updated by the class teacher and are monitored by the SENCO. These reflect information passed on by the SENCO at the beginning of an academic year and are adapted following assessments. These interventions are monitored and evaluated termly by the SENCO and information is fed back to the staff, parents and governors. This helps to identify whether provision is effective.

11. Complaints procedure

If a parent or carer has any concerns or complaints regarding the care or welfare of their child, an appointment can be made by them to speak to the Headteacher or SENCO, who will be able to advise on formal procedures for complaint.

12. In-service training (CPD)

We aim to keep all school staff up to date with relevant training and developments in teaching practice in relation to the needs of pupils with SEN.

The SENCO attends relevant SEN courses and facilitates/signposts relevant SEN focused external training opportunities for all staff.

We recognise the need to train all our staff on SEN issues and we have funding available to support this professional development. The SENCO ensures that training opportunities are matched to school development priorities and those identified through the use of provision management.

13. Links to support services

The school continues to build strong working relationships and links with external support services in order to fully support our SEN pupils and aid school inclusion.

Sharing knowledge and information with our support services is key to the effective and successful SEN provision within our school. Any one of the support services may raise concerns about a pupil. This will then be brought to the attention of the SENCO who will then inform the child's parents.

14. Working in partnerships with parents

St Andrew's Primary School believes that a close working relationship with parents is vital in order to ensure

- a) early and accurate identification and assessment of SEN leading to appropriate intervention and provision
- b) continuing social and academic progress of children with SEN
- c) personal and academic targets are set and met effectively

In cases where more frequent regular contact with parents is necessary, this will be arranged based on the individual pupil's needs. The SENCO may also signpost parents of pupils with SEN to local parental support groups where specific advice, guidance and support may be required.

If an assessment or referral indicates that a pupil has additional learning needs the parents and the pupil will always be consulted with regards to future provision. Parents are invited to attend meetings with external agencies regarding their child, and are kept up to

date and consulted on any points of action drawn up in regards to the provision for their child. The school's SEN Governor (Rev Jenny D'Esterre)) may be contacted in relation to SEN matters.

15. Links with other agencies and voluntary organisations

St Andrew's Primary School invites and seeks advice and support from external agencies in the identification and assessment of, and provision for, SEN. The SENCO is the designated person responsible for liaising with the following:

- Psychology Service
- Behaviour Support Service
- Social Services
- Speech and Language Service
- Language and Learning Support Service
- Specialist Services

In cases where a child is under observation or a cause for concern, focused meetings will be arranged with the appropriate agency.

This policy will be reviewed every three years.
