

Keep rolling around in mud, climbing trees, telling silly jokes and laughing lots and lots.....but when you are not doing any of those things, here are a few other ideas to keep you busy!

<p>How many signs of spring can you find in your garden? Make a list, draw a picture or take some pictures!</p>	<p>Draw a picture of the type of transport you would use to travel the world. Tell me why you have chosen this.</p>	<p>Make a poster all about Japan.....how many different facts can you find out?</p>
<p>Make your own boat, train or aeroplane (use things out of the recycling bin, lego, kinex or something else)!</p>	<p>Use recycled objects and materials to make a spring flower!</p>	<p>Use paints to draw a picture of a spring flower.</p>
<p>Can you learn to count to 10 in Japanese?  Help teach the rest of the class!</p>	<p>Use string or wool and tissue paper or paper to create Japanese cherry blossom.</p> 	<p>Create a piece of art on paper and create it into a Japanese fan!</p> 

If you don't fancy any of these ideas, surprise me with your own!

The last Thursday of every term is 'Home Learning Sharing Afternoon'! Take pictures, write it down or bring it in.....whichever way works for you!

*Remember to read with your child as often as you can. Practising number bonds to 10 and 20 (Year 1) and your 2x, 5x, 10x (Year 2) all help support your child's learning.*
