Dear Pupil, Parents and Carers,

Welcome back to term 5. I hope you had a good Easter break despite not being able to do all the usual things you would normally have done in the lovely sunshine. However, with the good weather I hope you managed to do lots of things in your gardens.

As my daughter is home from University we have taken up running over the last 4 weeks. I am demonstrating lots of courage in keeping up with her and am persevering as I want to increase the distance I can run. I am very lucky that I live in a rural location that has a big park with a path going all around the outside of it. As there is lots of space we are able to social distance easily and hardly see anyone when we are out.

Today is now the start of another term so your teachers have already uploaded your learning activities for this week. I know lots of you have been working hard and sharing what you have done with your teachers. Please make sure that you complete at least one learning activity a day. There is no expectation to complete everything, but you really need to be doing some of it.

I know by now most of you must be missing your friends and the longer this situation goes on the more difficult it becomes. If you feel you are finding the situation difficult, go onto the learning platform where you will find some mindfulness activities to do.

Have a good week and keep positive. Just remember this situation is not going to last forever.

Take care

Mrs. Green
