

Dear Parents/Carers,

Hope you have all had a good week and are now ready to send your children back to school (at last!). We are all looking forward to their return; beginning the journey back to some normality. Please see below some reminders plus some new information regarding your children's return to school.

Reminders:

- **Trainers** – your child will need to bring these in, in a bag, every day to partake in some form of physical activity throughout the day.
- **PE Kit** – wear PE kit every Thursday & Friday.
- **Wellies** – your child will need to have these in school in order to access the school field during playtimes.
- **Coat** – still not quite warm enough to go without one at the moment (however I know the children will disagree with this)
- **Parking** – please park responsibly remembering not to park directly outside the school.
- **Face covering** – remember to wear one during drop off and pick up time.
- **Social distance** – during drop off and pick up time remember to keep your distance from each other.
- **Breakfast and After School Club** – make sure you have booked your children in if you need this provision.

At the start of this lockdown we sent home learning resource packs to help your children with their learning at home. Please keep this at home for the moment just in case there is a need for a Bubble closure going forward. Individual teachers might request for the learning books to be returned in order to assess the children's work. If this is the case the book will be sent back home after the teacher has looked at the work.

Please see attached a letter from the local authority that contains information about accessing the lateral flow testing kit, in order for you to test all your family. Staff have been doing this twice a week for 4 weeks and will continue to do so. Please support us in testing your family as it gives us all peace of mind.

As a school we are aware that some children might be feeling a bit anxious about returning to school. Please see link below that contains ideas and resources to support a successful return to school.

Have a lovely weekend! See you all Monday.

Best wishes
