

Dear Parents/Carers,

It has been such a lovely week, welcoming your children back! St. Andrew's has been full of happy faces and lively excitable children, with a great atmosphere – just what a school should be!

It has been really evident that the children have been glad to return. This week the teachers have eased them back in gently, including lots of outdoor exercise (this will continue).

I appreciate that the new routine can be a challenge for all of us. Please see below a few reminders about routines, requests etc.

- All long hair, boys and girls needs to be tied back. This is particularly important at the moment due to the amount of physical activity the children are doing.
- Thursday and Friday – PE kit to be worn to school.
- Trainers to be brought into school on a Monday, Tuesday and Wednesday.
- Please do not use the area directly at the front of the school as a turning circle. Children are arriving all the time and we want it to be as safe as possible for them.
- Please ensure you arrive at the time slot for your child.

Start of the day

8:30am YR5/6 A plus any younger siblings

8:35 am Yr5/6 B plus any younger siblings

8:40am Yr3/4 A plus any younger siblings

8:45am Yr3/4 B plus any younger siblings

8:50am Yr1/2 plus Reception children

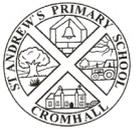

End of the day

Reception/YR1/YR2 plus any older siblings 3:00pm

YR3/4 plus any older siblings 3:10pm

YR5/6 3:15pm

St Andrew's CE VC Primary School, Cromhall

Next Friday is Comic relief day. Please send in your child wearing something "RED". Class teachers will be notifying you what they will be doing in class about this very worthy cause. We are not selling red noses this year but are happy for your child to wear one if you have been able to purchase one. I will be on the gate in the morning with a collection box and will therefore appreciate your donations.

Please remember to keep your child at home if they display any COVID 19 symptoms and inform us as soon as possible. Any member of the family who has symptoms must get tested, with the whole family isolating until the test result has been confirmed. If one family member receives a positive test result, the rest of the family need to isolate for 10 days after the test result and do not need to get tested unless they show symptoms themselves.

As a school we have been very lucky not to have to impose any Bubble closures during this pandemic. Please ensure you have plans in place, just in case a Bubble closure is necessary, as this will be with immediate effect.

Thank you for continuing to support us by wearing face coverings during drop off and pick up times.

Have a lovely weekend!

Best wishes
