

Computing

The Journey Starts...

Media and Data	Our children will select, use and combine a variety of software (including internet services) on a range of digital devices to design and create a range of programs, systems and content that accomplish given goals, including collecting, analysing, evaluating and presenting data and information
Impact of technology	Our children will understand computer networks including the internet; how they can provide multiple services, such as the world wide web; and the opportunities they offer for communication and collaboration
Online Safety	Our children will use technology safely, respectfully and responsibly; recognise acceptable/unacceptable behaviour; identify a range of ways to report concerns about content and contact.
Research	Our children will use search technologies effectively, appreciate how results are selected and ranked, and be discerning in evaluating digital content
